DEVELOPMENT**

Update

by Paul Clark - Minister Redcliffe Uniting

In our first Newsletter I stated that God has been taking us on a journey. A vision to be at the Heart of our Community. What a response I have had to that! Many supportive comments, challenging questions and much curiosity. All of which is vital if we are called to be a church who lives out the love of God tangibly with our neighbours.

So, how will our place amongst our neighbours look? What will connect us in a vibrant, well-designed, co-located space? It is now time to further refine the Hub project's vision.

In building partnerships with community service groups and progressing our dream we need to decide which values and what sense of purpose we share with others. Getting this right will further our goal to build stronger families and a healthy community, whilst creating a soft entry point for people to explore Christianity.

Community Hub

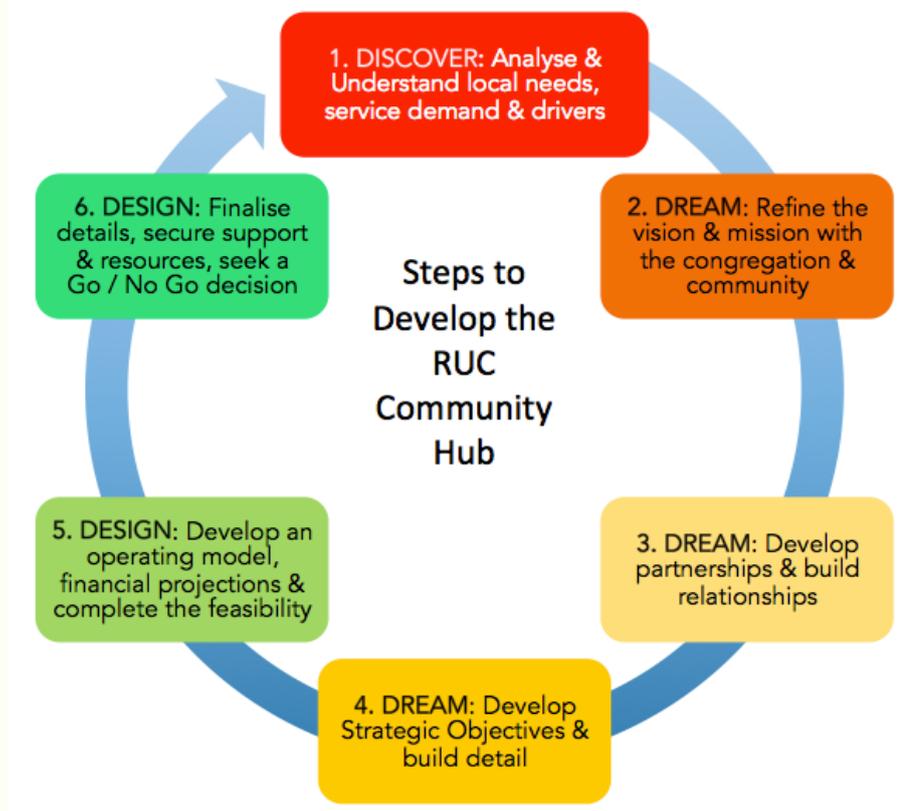

Redcliffe Uniting Church

Project Manager employed...

Jan/Feb 2018

We are at an exciting juncture! The Project Group has engaged the professional services of Leigh Bennett to continue progressing the high level planning on the Hub. Leigh brings extensive experience in working within communities like ours as an experienced Business Consultant, Executive Coach and Board Director. He is the founder of several consulting businesses and co-owner of two training organisations in the health and tourism sector. Formerly, he was a CEO managing complex, “soft and hard” community infrastructure projects, a Human Resources and Organisation Development Manager and an educator.

Leigh has recent Interim CEO roles in tourism/economic development and hospitality. Leigh is very excited about being connected to our Community Hub project and making a contribution to bringing Redcliffe Uniting Church’s vision to life. Leigh will continue to explore partnerships, help us refine the concept and eventually oversee the development of a Master Plan for Church, Council and Community consultation, allowing a Go/No Go decision by mid 2018. He will follow the broad plan below and regularly report to myself and Kathy Campbell as Chair of the Project Control Group.

Leigh is keen to meet with potential partners and tenants. Call to book an appointment. 3283 4066 or email; redcliffehub@dovenetq.net.au
